

JOANN PERRY-PT
Physical Therapist

Education & Training

Undergraduate: The University of Rhode Island, 1992

Medical School: Rhode Island College with a Bachelor of Science in Health and Physical Education, 1981

Clinical Experience

Joanne's clinical experience includes a variety of settings including: acute hospital inpatient and outpatient, homecare, long term care, and inpatient and outpatient at a freestanding rehabilitation hospital where she provided patient care and held a managerial position.

Continued Education

Neurology and specifically in the area of vestibular and balance

Univoto Experience

She has been with University Otolaryngology and the Center for Vestibular and Balance Disorders since 2002. The design of the practice and the Balance Center has allowed her to provide patient-focused therapy and consistent quality care in attempt to yield optimum patient outcomes.
