IN COLLABORATION WITH:

assistive technology access partnership

The ATAP logo consists of a stylized blue outline of the state of Rhode Island to the left of the letters "ATAP" in a large, blue, sans-serif font. Below the logo, the text "assistive technology access partnership" is written in a smaller, blue, sans-serif font.

TYPES OF EQUIPMENT

CAPTEL RELAY TELEPHONES

Ideal for people with some degree of hearing loss, the Captioned Telephone, or CapTel, works like any other telephone with one important addition: It displays every word the caller says throughout the conversation. CapTel phone users can listen to the caller, and can also read the written captions in the CapTel's bright display window. There are three different CapTel phones: The 840i, 880i and 2400i.

CapTel 840i, 880i and 2400i

These CapTels are for people with telephone service and **high-speed internet**, and can be positioned anywhere within your wireless network range or it can be connected to your Internet with an Ethernet cable; **Wi-Fi compatible**. The **880i** is for people with low vision, who have difficulty viewing standard size captions. The **2400i** is for people who prefer touchscreen technology.

VOLUME CONTROL TELEPHONES

These corded big button (Clearsounds CSC600D) and cordless telephones (Clarity XLC 3.4 and XLC2) provide an increase in decibel level) of the incoming voice of up to 55 db. and 95 db. ring.

Also, we have phones for clients with low speech, which provide up to 40 decibels of outgoing voice amplification (Serene HD40S).

LIMITED MOBILITY

The **FORTISSIMO HANDS FREE SPEAKERPHONE** is designed for people with limited mobility that have difficulty holding/dialing a standard telephone. The Fortissimo™ offers multiple options for hands-free control, which can be particularly useful for those with MS, CP, Traumatic Brain Injury and spinal cord injury.

EMERGENCY DEVICES

The **Freedom Alert** is the world's first 2-way emergency pendant communicator. Family, friends and 911 are just a click away. There are no contracts, no activation fees and no monthly fees.

WIRELESS SERVICES

The ATEL program provides the **wireless device ONLY**, the client is responsible for wireless service (activation fees and monthly plans).

If you select a Jitterbug, you must contact Greatcall ONLY to activate Jitterbug 866-482-1424 and select your service plan.

If you select a smartphone, it is your responsibility to choose your wireless provider.

WIRELESS DEVICES

If you select an Android cellular device, and you qualify for free wireless thru the Federal Communication Commission's **LIFELINE PROGRAM**. You may be entitled to benefit from a free wireless plan that includes 750 free minutes and unlimited text messages every month. Call: 1-800-729-0083 to see if you are eligible.

Jitterbugs

The **Jitterbug Flip®** is an easy to use cell phone with big buttons. The **Jitterbug Smart®** is an easy to use smart phone with large icons. Both Hearing Aid Compatibility M4/T4 Rating.

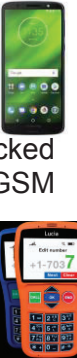

iPads and iPhones

iPad devices are 32GB, Wi-Fi Only Black iPads. Applicants can select either a **full-size iPad** or an **iPad Mini**. **iPhone** are latest model regular or plus size.

Android Motorola Moto G6

5.7" display. Hearing Aid Compatible. **Android Lucia -COMING SOON** (unlocked for AT&T, T-Mobile and compatible GSM networks). Basic mobile phone for individuals who are blind, low vision, hard of hearing or seniors. Amplified sound: boost +25db, large text and Hearing Aid Compatible.
